

Foundation Music

Community, Diversity, Participation

Looking for a music ensemble to join?

Foundation Music is the University of Winchester's extra-curricular music department. We run choirs, ensembles, concerts and other activities on our Sparkford Road campus.

All our activities are open to members of the local community and participation in the ensembles is totally free of charge and there are no auditions. All levels of experience are welcome

There are seven choirs and eleven instrumental ensembles to choose from, or why not try out a couple?

Full details of all our groups are available at www.winchester.ac.uk/music. The ensembles below are particularly open to local community members. If you have any questions or would like to come along, please do get in touch with us.
